

# Adult Speech Pathology Referral

1. Check **criteria** of the relevant service from the table below.
2. Prepare the required information

## Standard referral information

- History and comorbidities
- BMI – essential if obstetric or surgical referral
- Examination findings
- Investigations carried out and results
- Options already pursued
- Current medications
- Allergies
- Other important information e.g., social factors, other services involved

## Reasons for referral

- Diagnosis
- Second opinion
- Review of treatment or care plan
- Specialist management
- Shared management with general practitioner
- Diagnostic procedure

3. Refer to the service - If a clinic-specific form is not provided, send [a General Practice Referral template](#) via email or fax.
